JOHN P. BUCHTEL HIGH SCHOOL  
AKRON, OHIO

## foreword

Throughout high school, your friends, activities, and studies surround you. Although these are an important part of your life, what stays with you after graduation is, perhaps, the most important part of your high school years. It is the Spirit That Is Buchtel.

spirit that is buchtel

The proud traditions of Buchtel are the memories which have drawn together its students of the past and present.

Every graduate has contributed to and has gained from the standards which are Buchtel — enthusiasm, respect, and friendship.

We, too, as Buchtelites, must continue to the outstanding traditions that have made this school what it is today, an institute of honor and respect.

o. l. schneyer

Throughout his life, Mr. Schneyer has been eager to accept all challenges. Being an ambitious youth, he was graduated from high school before he was sixteen and worked his way through five years at the University of Wisconsin, completing the requirements for an advanced degree and earning an education in humanity as well.

He came to Akron as a music teacher but it was not long before he was invited to join the administration of Buchtel as assistant principal in charge of the freshman and sophomore sessions. Four years later he became principal of Buchtel.

His experiences have taught him the capabilities of a spirited student body and faculty which he has found can be "kept running" without being "run" by the administrator. With this philosophy and his energetic enthusiasm, he has maintained for himself and Buchtel a high position of respect and influence in the Akron area.

Award Winner, Vicki Green

The National Honor Society Award goes to the student who receives the highest score in an objective rating of National Honor Society candidates by the school faculty. It is the highest honor the faculty can bestow upon any student.

The members of the National Honor Society are expected to exemplify and carry on the spirit that is Buchtel through scholarship, leadership, service, and character. The membership is limited to only fifteen per cent of our highly rated senior class, and those are chosen by the faculty on the basis of indicated strengths.

# special honors

The recipient of the Womanhood Cup and the Manhood Cup is selected by a vote of the entire senior class. Because it exemplifies the highest ideals of American womanhood and manhood, the award ranks as the highest tribute the graduating class can pay to a member of the class.

# merit finalists

Buchtel High School seniors competed with more than a million and a half high school students in the National Merit Scholarship program, a search for students who demonstrate extraordinary ability. The eleven seniors pictured on this page are finalists in this program, and each one received a certificate of Merit to attest to his outstanding performance, as well as consideration for a Merit Scholarship. This honor represents senior participation in one phase of the spirit that is Buchtel.

## academic honors

To the student who has maintained the highest scholastic average goes the highly coveted Scholarship Cup. At Buchtel we are fortunate to have not one, but eight contenders for this honor emblematic of the primary function for which our schools were established. To each of these students goes the greatest reward for years of outstanding scholarships.

# vocal music department

Our choirs have entertained with songs for Christmas, Memorial Day, and Baccalaureate, and last fall's Pop's Concert was their own success. The A Cappella Choir and the Minnesingers have performed in the public at O'Neils and Stan Hywet, on WAKR television, and in district and state contests. Our singers have represented us in the traditional May Festival of Music. Mr. Kidder is the director of the vocal department.

## the team

Buchtel had a successful team although it was not a winning season.

The transition from the single wing to T-formation presented an active challenge to the returning players. Ron Ridgeway was made an end on the all city team, Don Tyler was elected most valuable player by his team mates, and John Scheiderer received the first trophy given for the player with the highest scholastic average.

.state runners-up

Mr. Appleby

The 1960 cross country squad, under the direction of Coach Appleby, showed once again their superior strength by completing their season with an eight win and no loss record.

Through the leadership of their captain, Mike Hirsch, our boys easily captured the city and district championships.

Then as a climax to their great season, the boys came in heroically as runners-up in the state competition. Their score, ironically, was lower than that which usually wins the meet.

They are winners in the true sense of the word.

Mr. Johnson

The swimming team had an overall score of fifteen win and two losses. The team placed fifth in the district and tied for thirteenth in the state meet.

The team won the Akron Swimming League Trophy by winning nine meets and losing none. The team was very strong this year and showed depth.

The team's high spirit helped to take the team to the state finals. Such a competitive and school spirit is the spirit that is Buchtel.

Jim Lash accepts the Jack Taylor Memorial Trophy from Mr. Johnson, which is given to the best swimmer in the Akron Swim League.

Buchtel's 1961 varsity cagers, although hindered by their small size, did display a fighting spirit. This spirit brought them into the Akron district tournament, and although not winning, brought great pride to all Buchtelites.

Bill Loue and Bob Petrou were given honorable mention on the all-district team. Bill took double honors for Buchtel by being named to the second team all-city squad.

The spirit of the 1961 basketball team will never be forgotten by the students of Buchtel High.

in memoriam  
mr. howard carpenter  
school photographer

Mr. Carpenter, an outstanding craftsman in photography, was associated with our publications for many years until his death in December, 1960.

We students who have worked with him were endeared to him by his good-humored smile, his quiet and calm manner, and his patience with us. We remember emergencies, when, at a moment's notice, he would drop all to come to our aid, or stand by through a trying deadline.

More than half of the pictures in this edition of the Griffin were taken by Mr. Carpenter, including the sixteen introductory pages, the faculty section, the upperclassmen, the sport section, Homecoming, and the Pops Concert.

Our appreciation for his contributions and for his character is a permanent memorial to him.

More than a photographer to us, Mr. Carpenter was a Buchtelite.

## The Bridge Builder

An old man going a lone highway  
Came, at the evening cold and gray,  
To a chasm vast and deep and wide,  
Through which was flowing a sullen tide.

The old man crossed in the twilight dim,  
That sullen stream had no fears for him.  
But he turned when he reached the other side  
And built a bridge to span the tide.

"Old man," said a fellow pilgrim near,  
"You are wasting your strength in building here.  
Your journey will end with the ending day,  
You never again will pass this way.  
You've crossed the chasm deep and wide.  
Why build you this bridge at eventide?"

The builder lifted his old grey head.  
"Good friend, in the path I have come," he said,  
"There followeth after me today  
A youth whose feet must pass this way.  
He, too, must cross in the twilight dim.  
Good friend, I am building this bridge for him."
